## INTELLIGENT MAILROOM TOOLS MADE EASY

Dynamic businesses count on smart productivity tools to do more than simply move the mail. Neopost's Intelligent Solution IS-480 takes mail processing to a new level of intelligence and delivers productivity at its best.

With state-of-the-art technology and connection to **myneopost** online services at your fingertips, the IS-480 is the best-in-class solution to meet your demanding Mailroom's needs.

With its easy, convenient and whisper-quiet operation, the highly capable IS-480 is fast and efficient. With the smallest footprint in its category, its sleek ergonomic design will easily integrate into your business environment.

### MIX IT UP - THE IS-480 WILL SORT IT OUT AND SEAL IT UP

Do you need to process envelopes of different sizes, shapes, thicknesses and weight? **No Problem.** The IS-480 Load 'n' Go Mixed Size Autofeeder eliminates the manual task of sorting mail by size, thickness or weight. Simply place your envelopes of various sizes and formats into the self-aligning feeder and press start. No matter what your needs are, the IS-480 will process and automatically seal up to 150 letters per minute. It's that easy: sorted, sealed and ready to go.

### STAY CONNECTED WITH A LAN

Save time and increase efficiency by taking advantage of the standard LAN connection that automatically connects to any network type. Enjoy fast and easy statistic uploads, rate change updates, re-crediting, system

diagnostics, feature upgrades and software downloads. Running securely via your internal network, the LAN connection eliminates the need for a traditional analog phone line.

### SHOP FOR SUPPLIES, MONITOR AND CONTROL POSTAGE EXPENDITURES ONLINE

**myneopost** provides on-demand online access to control your Mailing System and postal expenditures. Once connected, the IS-480 delivers a variety of value-added E-Services to help optimize the processing of your outgoing mail and reduce business costs.

- Low Ink Alerts ensure you never run out of ink.
- Remote Diagnostics minimize down time and optimize your system's performance.
- Hassle-free automatic postal rate change downloads ensure you are always compliant with the latest postal rates.
- Monthly or on-demand mailing activity data helps you manage postage expenditures and reduce operating costs. No other supplier provides online postal spending information.
- Clear, instant and concise reporting you can view on your system or export into Excel.
- 24/7 access to your Postage Account and remote management of your neoFunds line of credit.
- Order Supplies online when it suits you.

### PRICING YOUR MAIL HAS NEVER BEEN EASIER

Dramatically reduce mail processing time and simplify operations with the Neopost i-Weigh Dynamic Scale. Its patented intelligent four-point detection system automatically weighs

and measures full dimensions and then processes your mail, accurately pricing it in compliance with Canada Post's postage regulations at speeds up to 90 letters per minute. For larger package handling, External Weigh Platforms with up to 35kg capacity are available to be ergonomically placed where you use them most.

With Smart Start technology, each time an envelope is removed from the Weighing Platform in Differential Weighing mode, the Load 'n' Go Autofeeder automatically starts and is ready to process mail placed into the Feeder or dispense a label with the correct postage amount.

Enjoy all the benefits of these E-Services through a single online management tool. To find out more visit [neopost.ca/myneopost](http://neopost.ca/myneopost).
