## COMPACT, COST EFFECTIVE AND READY FOR THE FUTURE

Conveniently compact and easy to use, the IJ-40 boasts many of the features you'll find on larger machines. An automatic label dispenser is included as standard and the Neopost AutoFeed can be added as your mailing needs grow.

The IJ-40's advanced inkjet technology produces a crisp, clear impression and a clean, positive message about your company. Your envelopes can be used as selling tools, with the IJ-40 storing a selection of customised marketing slogans.

Easy to use feeder makes mailing a breeze

### NO MORE "GUESS THE WEIGHT"

People often guess the weight of unusual packages – and waste money on over-stamping. The IJ-40's integrated, electronic weigh platform allows you to check the weight of envelopes up to 2 kg and then automatically applies the correct postage, eliminating over and under stamping.

### PROFESSIONAL IMAGE

The IJ-40 is 100% inkjet and 100% digital, which gives you superbly crisp, clean impressions. Up to ten customised slogans can be loaded from memory cards and you can add your company name, greetings, marketing slogans – even logos and photographs.

### UNPARALLELED EASE OF USE

The IJ-40's easy-to-read display and one-touch controls make operating easy, while long-lasting ink cartridges are a snap to replace. Logos and slogans can be uploaded from digital memory cards, which are also used to update postal rates when they change.

### MAIL ACCOUNTING MADE EASY

The IJ-40 allows you to easily recharge your postal costs, either to other departments or to customers, with mail accounting capabilities for up to 35 accounts. Accounting records can be printed onto postage labels or through an external printer.

Automatic label dispenser stores and prints up to 50 labels, for swift and easy parcel post

Easy to use, one-touch direct access keys

**REDUCE WASTE – PRINTS EXACT POSTAGE, WHATEVER THE SIZE OF YOUR MAIL PIECE**

**ADD MARKETING SLOGANS TO YOUR ENVELOPES**

**FAST PRINTING OF STAMPED LABELS FOR PARCELS AND PACKAGES**

**ANALYSE, CONTROL AND ALLOCATE POSTAL COSTS FOR UP TO 35 ACCOUNTS**

**EASILY UPGRADE TO A COMPLETE MAILROOM SOLUTION**

### **THE SIMPLE SOLUTION TO AWKWARD SHAPED PARCELS**

Additional scales and weigh platforms can be interfaced with the IJ-40 for large, irregular shaped packets and parcels of more than 2 kg – and you don't even need stamps! A built-in label dispenser enables the IJ-40 to print onto a self-adhesive strip, making it easy to apply postage to larger items.

### **A MINI MAILROOM IN YOUR OFFICE**

Linked to a Neopost folder inserter, the IJ-40 gives you all the advantages of a mini-mailroom and continuous, ready-to-mail processing. It will deal with your mail in a tenth of the time it would take a staff member to handle it, and can be used for many applications from invoices to marketing mailers
