

Automatic Digital Mailing System DM350™ Series

Maximum productivity for the lower volume mailer

The DM350™ Series Automatic Digital Mailing Systems Bring Large Mailroom Productivity And Ease To The Office Environment.

The DM350™ Series Digital Mailing Systems Take Productivity To The Limit With IntelliLink® Technology.

Maximum productivity is crucial for business today. The DM350™ Series Digital Mailing Systems break new ground for the small business mailer. It uses the very latest technologies to achieve fast and accurate mail processing ... all in a space-saving footprint. With the DM350™'s advanced features, you're sure to save time and money. Plus, you'll have the capabilities of a fully functional mail centre!

The DM350™ Series' IntelliLink® Technology Simplifies Mailing.

Our cutting-edge IntelliLink® Technology is the gateway to new levels of productivity and makes the DM350™ system easier to use, more efficient and worry-free. Plus, you can gain access to a suite of services that include downloadable features, ad graphics, postal rate, software upgrades and more. This ensures that your system keeps current and operates at maximum efficiency.

The DM350™ System Offers You A Wide Range Of Productive Features.

- **Automatic Feed Speeds Processing**
 - Automatic feeding of your envelopes gets the job done quickly.
- **User-Friendly Control Centre**
 - You'll learn to use the DM350™ quickly. It takes you through every processing step showing the expanded 8-line graphics display. Dedicated functions and labeled keys ensure faster processing.
- **Internal Rating Function**
 - Select the most effective and economical postage rate.
- **Saves You Valuable Time**
 - Access postage replenishment online, 24/7, simply press a button and get all the postage you need.

- **Delivers a Message With Your Mail**
 - The DM350™ stores up to 20 advertising slogans
- **Auto-Dating Eliminates Returned Mail Due To Misdating**
 - An internal clock advances the date automatically. Operators can advance the date to get a jump on processing tomorrow's mail.
- **Handle Rate Changes Easily**
 - IntelliLink® Technology allows postage rate changes to occur automatically. No need to scramble to replace a PROM chip.
- **Digital Technology Is A Gateway To The Future**
 - Its digital postage indicia satisfies all current postal regulations, and the technology's flexibility makes the DM350™ adaptable for the future.
- **Accounting Capability**
 - It's crucial for businesses to account for postage expenses. Track up to 100 accounts.
