

Digital Mailing System DM200™ Series

Simple And Efficient Mail Processing

The DM200™ Series Mailing Systems Maximize Office Productivity.

The DM200™ Series Digital Mailing Systems Are Simple To Use And Highly Productive!

Today, every business needs to operate as efficiently as possible. Even daily, routine tasks need to be performed in a productive manner. The time has come to expect more from your current mail processing procedures. The all new, easy-to-use, DM200™ Series Desktop Mailing System will amaze you with its simplicity and convenient capabilities.

The Power of IntelliLink®

The cutting-edge IntelliLink® technology contained within the DM200™ Series provides a secure gateway to new levels of simplicity and efficiency. IntelliLink® gives you access to a suite of services ensuring your system is kept current and operates at maximum efficiency. These include automatic downloads of postal rate changes and software upgrades. The DM200™ also has the capability to download logos and advertising slogans transforming once manual processes into quick operations.

Time Saver

- **Unique IntelliLink® Technology**
IntelliLink® technology provides convenient, hassle free, postal rates downloads, software updates, and one-touch postage refills with Postage by Phone®. This keeps your system current with rate changes and software upgrades.
- **Easy to Use**
All controls are fully integrated on one clear control panel with user-friendly instructions to guide the operator through each stage of processing mail.
- **Reduced Mail Preparation Time**
Seal and post your envelopes at the same time, resulting in a professional ready to mail document.

Space Saver

- **Small Footprint**
Its compact and sleek design fits into even the smallest of offices. The scale is seamlessly integrated, freeing up desk space.

User-friendly Control Center,
powered by IntelliLink® Technology

Integrated weighing
option

Simple, one-touch
Postage By Phone®
Resetting

Seals your envelopes
tightly and securely

Fast, efficient
processing of
up to 40 pieces
per minute

Feeds envelopes
up to 3/8" thick

Storage Drawer for USPS
Confirmation Service labels

Crisp images and
quiet operation

- **Auto-Dating Eliminates Returned Mail Due To Misdating**
An internal clock advances the date automatically. Operators can advance the date to get a jump on processing tomorrow's mail.
- **Tracking Incoming Mail Dating**
Date and time stamp capability ensures your incoming mail is handled efficiently.
- **Handle Rate Changes Easily**
IntelliLink® Technology allows postage rate changes to occur automatically. No need to scramble to replace a PROM chip.
- **Digital Technology Is A Gateway To The Future**
Its digital meter indicia satisfies all current postal regulations, and the technology's flexibility makes the DM200™ adaptable for the future.
- **Access To Vital Services**
Take full advantage of special services online, including Delivery Confirmation and electronic access to certified mail services.

Advertise

- **Transform your mail piece into eye-catching communications.**
Advertise your business on every mail piece with sharp inkjet printing to build your professional image.

- **Information Management**

It's crucial for businesses to account for postage expenses. Track up to 25 accounts with an option to track up to 50 accounts.
