

DM Infinity™ Series Digital Mailing System

Drive Savings with the Only Digital Meter Proven to Deliver
Virtually Non-stop Productivity and Flexible Indicia or Permit Printing

Pitney Bowes DM Infinity™ Series

Proven productivity gains

5 ways to improve your operations – immediately.

Powerful economies and measurable productivity gains make mailings more profitable than ever before.

- Lower postage costs for mixed-weight mail with Weigh-On-The-Fly™ technology.
- Increase throughput by 5 – 20% with faster speeds and fewer jams.
- Reduce return mail costs through improved print quality.
- Easier postage reconciliation due to fewer outsorts, reprints and stoppages.
- Reduce maintenance requirements up to 66% with an innovative, reliable component design.*

The DM Infinity™ Series Digital Mailing System is more than a mandate – it adds up to real ROI.

*Compared to R150

High-speed performance takes your run times to peak levels.

Runs as Fast as the Fastest Inserter

The only digital meter to run at 22,000 cycles per hour; so your mail goes out faster.

High-Speed, Reset-On-The-Fly™ Capability With One Meter

The only high-speed solution to deliver non-stop performance in processing mixed weight mail.

Non-Stop Printing with Dual Print Heads

No downtime required for maintenance so your operation can run continuously; automated self-cleaning.

No Downtime to Add Ink – Ever

Dual print functionality; easy to replace one ink cartridge while the system continues to run on the other.

Red, Yellow and Green Lights Alert Operator to Meter Performance

- Smooth sailing
- Low ink level
- Check system

Intuitive, easy to use, no long training period required.

Expand Your Capabilities - with Permit and Graphics Printing

Increase productivity, reduce your costly envelope inventory and personalize your mail. The DM Infinity™ Series gives you a flexible, cost effective option to print permit or indicia for a total mailing solution. Now you can change applications on-the-fly for on-demand envelope printing – you'll also avoid costly errors resulting from using the wrong envelopes.

Series Digital Mailing System ns that increase savings

Powerful • Productive • Profitable

Pitney Bowes DM Infinity™ Series Digital Mailing System has processed billions of mail pieces in thousands of high-volume operations. It meets USPS® postal security requirements and provides on-going reductions in operating expenses.

Digital quality reduces costly exceptions and returns.

Prints Crisp Indicia with Patented, Fast-Drying Ink

Innovative black ink dries instantly for no-smudge high speed printing of high-quality indicia.

Extends Cartridge Life with Ink-Saving Indicia

USPS®-approved Controlled Acceptance Indicia uses nearly 50% less ink than the Full Letterbox Indicia. Controlled Acceptance Indicia costs \$0.39 per 1,000 impressions.

Compelling Total Cost of Ownership (TCO)

The proven technology of the DM Infinity™ Series combined with virtual non-stop productivity, ink-saving technology and the Controlled Acceptance Indicia make the TCO of the DM Infinity™ Series the most attractive option available.

No-Mess, Cost Effective Ink Cartridges

No time wasted cleaning up messy red meter ink; our high-capacity cartridges are clean and quick to load.

Mobile Unit Simplifies Postage Refills

Removable User Interface Control (UIC) makes refills simple without the need for a phone line connection to your production floor.

The DM Infinity™ Series integrates with Pitney Bowes and non-Pitney Bowes inserters for digital migration compliance

Powered By IntelliLink® Technology

Download postage refills, rates and software upgrades instantly; you need never run out of postage and you will always have the latest software available.

RETURN SERVICE
REQUESTED

BILLING
INFORMATION
ENCLOSED

Custom messaging for more compelling mail.

Print postal inscriptions, endorsements, business logos and images – without metal slugs! Just download directly into the meter. Ten standard graphics available – or you can choose your own custom graphics. This option is now available on *both* standard and permit meters.

Easily integrates with Pitney Bowes Mail Center Accounting Systems including:

- DFWorks® Postage Accounting
- DM Series Standard Accounting
- Budget Manager™
- Business Manager™
