

DM Infinity™ Series Digital Mailing System

Drive Savings with Virtually Non-stop Productivity
and Flexible Indicia or Permit Printing

Pitney Bowes DM Infinity™ Series

Productivity gains that increase

High-speed performance takes your run times to peak levels.

5 ways to improve your operations – immediately.

Powerful economies and measurable productivity gains make mailings more profitable than ever before.

- Lower postage costs for mixed-weight mail with Weigh-On-The-Fly™ technology.
- Increase throughput by 5 – 20% with faster speeds and fewer jams.
- Reduce return mail costs through improved print quality.
- Easier postage reconciliation due to fewer outsorts, reprints and stoppages.
- Reduce maintenance requirements up to 66% with an innovative, reliable component design.*

The DM Infinity™ Series Digital Mailing System is more than a mandate – it adds up to real ROI.

*Compared to R150

Runs as Fast as the Fastest Inserter

The only digital meter to run at 22,000 cycles per hour; so your mail goes out faster.

High-Speed, Reset-On-The-Fly™ Capability With One Meter

The only high-speed solution to deliver non-stop performance in processing mixed weight mail.

Non-Stop Printing with Dual Print Heads

No downtime required for maintenance so your operation can run continuously; automated self-cleaning.

No Downtime to Add Ink – Ever

Dual print functionality; easy to replace one ink cartridge while the system continues to run on the other.

Red, Yellow and Green Lights Alert Operator to Meter Performance

- Smooth sailing
- Low ink level
- Check system

Intuitive, easy to use, no long training period required.

NEW! Expand Your Capabilities - with Permit and Graphics Printing

Increase productivity, reduce your costly envelope inventory and personalize your mail. The DM Infinity™ Series gives you a flexible, cost effective option to print permit or indicia for a total mailing solution. Now you can change applications on-the-fly for on-demand envelope printing - you'll also avoid costly errors resulting from using the wrong envelopes.

Powerful • Productive • Profitable

Only Pitney Bowes gives you the option to immediately realize the gains of USPS®-compliant, high-volume metering. The DM Infinity™ Series meets the latest postal security requirements, and provides on-going reductions in operating expenses.

Digital quality reduces costly exceptions and returns.

Prints Crisp Indicia with Patented, Fast-Drying Ink

Innovative black ink dries instantly for no-smudge high speed printing of high-quality indicia.

Extends Cartridge Life with Ink-Saving Indicia

New USPS®-approved Controlled Acceptance Indicia uses nearly 50% less ink than the Full Letterbox Indicia.

No-Mess, Cost Effective Ink Cartridges

No time wasted cleaning up messy red meter ink; our high-capacity cartridges are clean and quick to load.

Powered By IntelliLink® Technology

Download postage refills, rates and software upgrades instantly; you need never run out of postage and you will always have the latest software available.

The only digital meter compatible with high-volume inserting systems.

Boost productivity with the digital metering system that prepares you for the future.
