

neopost 

IJ-110 **UNSURPASSED** **PERFORMANCE AND** **FUNCTIONALITY FOR THE** **HIGH VOLUME MAIL CENTER**

The high performance, intelligent machine that takes productivity to a whole new level

WE VALUE YOUR MAIL

IJ-110

THE HIGHEST PERFORMANCE AND FUNCTIONALITY IN ITS CLASS

If maximum performance is your top priority, then the Neopost IJ-110 is the logical choice. One of the fastest machines on the market, it's also one of the most economical to run. The IJ-110 simply outperforms other machines in its class in several areas: ultimate speed, mixed weight speed, impression cost, and mail management options. It's a wonder how such a fully-featured performer can be so easy to run. No matter how big your mail run, the IJ-110 gets it done, quickly and easily.

Better still, the IJ-110 comes with enhanced accounting capabilities, supporting 500 departmental accounts, so you can manage your postal spending more efficiently and turn your mail center into a profit center.

The versatile mixed mail feeder eliminates time wasted sorting mail by size, thickness or weight and handles your mail at up to 250 letters per minute

MAXIMUM PRODUCTIVITY FROM SUPERIOR MAIL HANDLING FLEXIBILITY

With the IJ-110, productivity comes with flexibility. The versatile mixed mail feeder easily handles letters of different sizes in either portrait or landscape, saving you time by not having to presort mail. It also handles all kinds of envelopes - sealed or non-sealed, nested or non-nested. The mixed mail feeder automatically shingles the envelopes to prevent misalignment when being processed. The pump-fed spray sealer system ensures a positive seal and is easily accessible for cleaning.

A MAILING SYSTEM THAT MEETS THE NEEDS OF A DEMANDING MAILROOM ENVIRONMENT

The IJ-110 can interface with integrated weigh platforms up to 70 lbs. The dynamic scale option can automatically calculate and apply correct postage to items weighing up to 32 oz. You can even weigh a varied selection of items using differential weighing, which calculates the postage for each piece removed from the platform. Posting larger items is made easy with the built-in label dispenser or external thermal roll tape dispenser. You can also add a conveyor stacker to neatly collect your mail, saving even more time and boosting mailroom productivity.

PROCESS UP TO 250 LETTERS PER MINUTE

FEED AND SEAL MAIL UP TO 5/8" THICK

**ACCURATELY WEIGH MAIL IN-MOTION
AND APPLY EXACT POSTAGE**

**CONTROL AND ALLOCATE POSTAL COSTS
FOR 500 ACCOUNTS**

**CONNECT TO A PC TO TRACK, ANALYZE
AND MANAGE POSTAL EXPENDITURES**

The large, touch-screen control panel is programmable to make operating the IJ-110 simple and intuitive

Automatic label dispenser stores and prints up to 70 labels, for swift and easy package mailings

The pump-fed water spray sealing system ensures a perfect envelope seal and cleans easily without a service call

The dynamic scale allows in-motion weighing, so you save time and simplify your entire mailing process

**SAVE ON OPERATING COSTS
AND MAXIMIZE PRODUCTIVITY**

The high-capacity ink tank system helps you reduce operating costs with an outstandingly low cost-per-impression. It increases operating time for maximum productivity and the cartridge can be conveniently replaced in seconds.

PROJECT A QUALITY IMAGE

100% inkjet and 100% digital technology gives you sharp, clear printing that enhances the professional look of your organization. A choice of nine customized slogans can be loaded from memory cards and you can add your company name, greetings, slogans – even logos and photographs.

EFFICIENCY AT YOUR FINGERTIPS

The IJ-110 is controlled through a clear, intuitive touch screen that's big enough to read easily and doesn't have you hunting around a tiny keyboard. It's simple for first-time users and fast for experienced operators, giving direct access to important information and one-touch recall of regular jobs.

PERFORMANCE AT THE CORE OF YOUR MAILING SYSTEM

When linked to a folder inserter, the IJ-110 comes with all the power you need in a complete mailroom solution, with continuous, ready to mail processing. Mail is folded, inserted, sealed, weighed and metered in a single, automatic process, enabling the IJ-110 to deal with large direct mailings and other marketing activities in a matter of minutes.

IJ-110

DIGITAL MAILING MACHINE

STANDARD FEATURE SUMMARY

POSTAL EXPENDITURES MANAGEMENT AT HAND

The Neopost IJ-110 can connect directly to a PC, exporting accounting data and reports for advanced cost tracking and analysis using Neopost's postage accounting and management software.

ONE-TOUCH RECREDITING WITH POSTAGE-ON-CALL®

Many re-crediting systems are slow and complicated, often requiring long calls. The IJ-110 helps you avoid all that. Neopost's Postage-On-Call® refills your machine with postage in just a few key strokes, getting you back to business in seconds. With Postage-On-Call®, there's no more waiting for a check to clear before your postage is available. It's postage when you want it, available to you anytime for round-the-clock convenience - 24 hours a day, 365 days a year.

WHY CHOOSE NEOPOST?

Neopost is a leading worldwide provider for mailing and shipping solutions. Our innovative products and services bring simplicity and efficiency to your complete mailing process to make your business run more effectively.
