IJ-60

THE HIGHEST PERFORMANCE IN ITS CLASS

The Neopost IJ-60 is an advanced, automatic mail processing system that gives your thriving business the performance it demands. Its advanced functionality offers full flat and package versatility, handling even the most complex mailing jobs with ease. And the Neopost IJ-60 gives high-end performance at a price you can afford, enabling you to dramatically increase productivity while keeping costs low.

The IJ-60's advanced inkjet technology produces a crisp, clear imprint and a clean, positive message about your business. Choose from a selection of customized promotional slogans, and create or adapt your own text messages in just seconds.

ON DEMAND PRODUCTIVITY

The Neopost AutoFeed provides high speed capabilities so you can process up to 110 letters per minute - and finish the monthly invoice run or direct mail campaigns in half the time it usually takes.

PROFESSIONAL IMAGE

The IJ-60 is 100% inkjet and 100% digital, which gives you superbly crisp, clean impressions. A choice of ten customized slogans can be loaded from memory cards and you can add your company name, greetings, marketing slogans – even logos and photographs.

DIFFERENTIAL WEIGHING OPTION SAVES TIME

The IJ-60 checks the weight of envelopes and packages with its integrated, electronic weigh platform and then automatically applies the correct postage. You can even weigh a selection of items using differential weighing. Simply place the items on the platform and it will calculate the weight of each individual item you take off the stack.

EASY TO USE, WHATEVER THE JOB

Whether for a handful of envelopes or a big mailing run, the IJ-60's easy to read display and one-touch controls make operating easy. Long-lasting ink cartridges reduce cost-per-impression and can be replaced in seconds.

Hassle-free AutoFeed allows you to process up to 110 letters per minute

Advanced envelope guides keep your mail moving without jams

**REDUCE WASTE – PRINTS EXACT POSTAGE,
WHATEVER THE SIZE OF YOUR MAIL PIECE**

SAVE TIME USING DIFFERENTIAL WEIGHING OPTION

**FAST PRINTING OF METERED LABELS
FOR PACKAGES AND FLATS**

**CONTROL AND ALLOCATE POSTAGE COSTS
FOR UP TO 150 ACCOUNTS**

**CONNECT TO A PC TO TRACK, ANALYZE
AND MANAGE POSTAL EXPENDITURES**

Automatic label dispenser stores and prints up to 50 labels, for swift and easy package mailings

Seals envelopes securely

Simple one-touch postage refills 24-7, 365 days a year

Five job memories let you store regularly used settings, automatically changing the date and eliminating postage waste

THE SIMPLE SOLUTION TO PACKAGES AND FLATS

Additional scales can be interfaced with the IJ-60 for large, irregular shaped packages of more than 5 lbs. A built-in label dispenser enables the IJ-60 to print your impression onto a self-adhesive strip, making it easy to apply to packages and flats.

BETTER COST CONTROL

Instead of carrying postage costs as an overhead, the IJ-60 lets you allocate them to departments, with capabilities for up to 150 accounts. Accounting records can be printed through an external printer.

IJ-60

DIGITAL MAILING MACHINE

The Neopost IJ-60 delivers the next level of mailing performance for flourishing businesses.
