

Desktop Mailing System

DM100™ Series

Quick and easy mail processing

The DM100™ series desktop mailing systems give you a higher level of flexibility, convenience, and value.

❖ The DM100™ Series Desktop Mailing Systems Provide So Much More!

Today, small businesses need to operate as efficiently as possible. Even daily, routine tasks need to be performed in a productive manner. The time has come to expect more from your current mail processing procedures. The all new, easy-to-use, DM100™ Series Desktop Mailing Systems will amaze you with their simplicity and convenient capabilities. Optional components provide the flexibility to configure a solution that meets your specific mailing requirements.

❖ The DM100™ Series' IntelliLink™ Technology Makes Mailing Easier.

Our cutting-edge IntelliLink™ Technology is the gateway to new levels of productivity and makes the DM100™ easier to use and efficient. Plus, you can gain access to a suite of services that include postal rate updates, software upgrades, and you can even download new ad graphics, postal inscriptions, and logos. This ensures that your system keeps current and operates at maximum efficiency.

❖ The DM100™ Desktop Mailing Machine Is The First In This New Series Of Lower Volume, Higher Capability Mail Systems.

Small Footprint Saves Space

- > Its compact, innovative, and sleek design fits into even the smallest of offices. The optional scale sits on top of the DM100™ to minimize the footprint.

Operates Quietly

- > The DM100™ is so quiet that it won't distract your office environment.

Saves You Valuable Time

- > Replenish your postage by modem 24/7 with a single touch using our Postage By Phone® System.

Handles Flats And Parcels Too

- > Efficiently process mail pieces up to 3/8" thick. Larger mail is quickly processed with self-adhesive tape strips.

Auto-Dating Eliminates Returned Mail Due To Misdating

- > An internal clock advances the date automatically. Operators can advance the date to get a jump on processing tomorrow's mail.

Incoming Mail Dating

- > Time and date stamp capability tracks your incoming mail.

IntelliLink™Simplicity That Leads To Greater Efficiencies

- > You'll learn to use the DM100™ in only minutes. The convenient control panel has dedicated labeled keys for faster processing.

Digital Technology Is A Gateway To The Future

- > Its digital postage indicia satisfies all current postal regulations, and the technology's flexibility makes the DM100™ adaptable for the future.

Accounting Capability

- > Today, it's crucial for businesses to account for postage expenses. Tracking is simple by adding an accounting package.
